AMERICAN DYESTUFF REPORTER

INDEX TO VOLUME 26

1937

Indexed by Subject and Author

Also Index to
Proceedings of the American Association
of Textile Chemists and Colorists

Book - 21 -
149639
Agr. 21

GENERAL INDEX

FOR your convenience there appears below a list of the page numbers in the respective issues for 1937. The numbers in the first column indicate the page numbers of the complete issue and those in the second column indicate which pages appear in the Proceedings of the American Association of Textile Chemists & Colorists.

The presence of the letter "P" before the page number anywhere in this index indicates that the article appeared in the Proceedings.

Date	No.	Pages	Proceedings
January 11	1	1 to 26	P5 to P20
January 25	2	27 to 54	P29 to P48
February 8	3	55 to 84	P59 to P78
February 22	4	85 to 116	P89 to P108
March 8	5	117 to 142	P123 to P134
March 22	6	143 to 176	P149 to P168
April 5	7	177 to 202	P181 to P196
April 19	8	203 to 238	P215 to P226
May 3	9	239 to 264	P247 to P254
May 17	10	265 to 290	P271 to P282
May 31	11	291 to 322	P299 to P310
June 14	12	323 to 352	P327 to P346
June 28	13	353 to 378	P357 to P372
July 12	14	379 to 410	P385 to P404
July 26*	15	.....	P411 to P468
August 9	16	469 to 494	P479 to P486
August 23	17	495 to 526	P505 to P516
September 6	18	527 to 558	P537 to P548
September 20	19	559 to 588	P569 to P580
October 4	20	589 to 622	P603 to P606
October 18	21	623 to 648	P633 to P640
November 1*	22	.....	P649 to P690
November 15	23	691 to 718	P701 to P708
November 29**	24	719 to 792	P759 to P766
December 13	25	793 to 824	P803 to P810
December 27	26	825 to 852	P831 to P846

*Quarterly Research Number.
**Annual Processing Review Number.

BY SUBJECT

Abrasion, Resistance of Fabrics to (Mann) 619
Abrasives for Wear Testing (Lester) 644
Acetate Rayons, Dyeing of (Bonnett) 265
Acetate Rayon Piece Goods, Dyeing (Hill) 711
Acetate Rayon, The Saponification of (Meili) P162
Acid Dyeing Process, Nature of the (Harris and Smith) P416
Acid, The Reaction of Wool with Strong Sulfuric (Harris, Mease and Rutherford) P150
Aliphatic Penetrants, Synthetic (Wilkes and Wickert) 793
Aliphatic Sulfo-Dicarboxylic Acid Wetting Agents, A New Series of (Rose) 825
Alkyl Radicles on the Softening Potency of Oils, Sizing of Rayon Crepe Yarns and the Effect of (Mosher) P186
Alkali Soluble Cellulose Ethers, Permanent Sizing with 375
Alloys for Bleaching, The Use of Monel and other Nickel (Cox and LaQue) P127
Alloys Relating to the Textile Industry, Some Characteristics of Monel and other Nickel (Cox) P217
American Chemical Society, Division of Cellulose Chemistry, Meeting of 554
Amino Nitrogen in Insoluble Proteins, The Estimation of (Rutherford, Harris and Smith) P650
Analysis of Blends of Animal Hairs, Quantitative (Skinkle) 119
Ancestors, The Dyes of our (Cady) P539
Aniline Black, Historical Review of (Karr) 631
Aniline Black on Barium Activity Determinations, The Effect of (Edelstein) P460
Animal Hairs, Quantitative Analysis of Blends of (Skinkle) 119
Art in Textile Design, Creative (Jamieson and Ripley) P36
Automobile Headlinings, Scouring, Dyeing and Finishing (Deady) 559
Automatic Control in the Textile Industry, Use and Application of (Ward and Cleveland) P30
Azo Dyes, The Influence of Position Isomerism on the Color and Dyeing Properties of Mono (Brode and Griffith) P90
Azoic Colors, The Chemistry of the Stabilized (Lubs) P101
Barium Activity Determinations, The Effect of Aniline Black on (Edelstein) P460
Blanket Fabrics to Three Types of Laundering, The Reactions of Three All-wool (Elmquist and Hays) 469
Bleaching: Its Relation to Varieties of Cotton, Degree of Whiteness Obtainable by (Jambuserwala) 799
Bleaching, The Suitability of Stainless Steel Compared with other Metals in (Goodavage) P71
Bleaching, The Use of Monel and other Nickel Alloys for (Cox and LaQue) P127
Blends of Animal Hairs, Quantitative Analysis of (Skinkle) 119
Block Printing, Some Causes of Irregular Shades in Hand (Hutchins) 848
Boiler Control in the Dyehouse, Automatic (Tupholme) 476
Boil-off on Finished Crepe Fabrics, Effect of Embossing and (McGibbon) P335
BOOK REVIEWS (Listed in order of appearance):
Sugar: A Case Study of Government Control 142
The Aromatic Diazo Compounds and their Technical Applications 255
Man in the Chemical World 405
The Dyers Index 487
Thorpe's Dictionary of Applied Chemistry (Fourth Edition) 790
Handbook of Chemistry (Second Edition) 790
Kolloidchemische Grundlagen der Textilveredlung 791
Compilation of A.S.T.M. Standards on Textile Materials 791
Analyse von Faerbungen 821
Calender Treatment, Patents Re 51
Cellulose by Cellulose Viscosity Measurements, The Evaluation of Chemical Tendering of (Guernsey and Howells) P62
Cellulose Chemistry, Meeting of American Chemical Society, Division of 554
Cellulose Ethers, Permanent Sizing with Alkali Soluble 375
Cellulose Solvents and their Use in Finishing (Hattinger) 120
Cellulosic Textile Fibers, A New Research Viewpoint in the Dyeing of (Farr) 143
Chemical Constitution, Stress-Strain Characteristics of Wool as Related to its (Sookne and Harris) P659
Chemical Engineering in the Textile Industry (Perry) 353
Chemical Society, Division of Cellulose Chemistry, Meeting of 554
Chemical Tendering of Cellulose by Cellulose Viscosity Measurements, The Evaluation of (Guernsey and Howells) P62
Chemical Textile Testing, Physical and (Skinkle), Part I, 527; Part II, 563; Part III, 599; Part IV, 625, Part V 694
Chemist in Court, The Textile (Harold) P506
Chemistry of Silk and Silk Processing, Recent Developments in the (Scott) 756
Chemistry of the Stabilized Azoic Colors, The (Lubs) P101
Color and Dyeing Properties of Mono Azo Dyes, The Influence of Position Isomerism on the (Brode and Griffith) P90
Color Council for 1936, Report of the Delegates representing the American Association of Textile Chemists and Colorists on the Inter-Society P104
Color Council, Inter-Society P89
Color Fastness (Cunliffe) 617
Color Problems in the Textile Industry, The Applicability of Spectrophotometry to the Solution of (Hardy) P67
Color Terms, Specifications and Problems, Textile P108
Color Terms, Specifications and Problems, Textile (Appel) P655
Colors by the Pigment Method, Possibility of Continuous Dyeing of Vat (Deady) 691
Colors, The Chemistry of the Stabilized Azoic (Lubs) P101
COMMUNICATION:
Re Synthetic Resins 487
Re Detergent, Emulsifying, Finishing and Wetting Agents P569
Composition of Sulfonated Oils, Fractionation and (Hart) 549
Consumer Knit Goods and Hosiery Requirements (Freedman) 209
Consumer Problems P300
Control in the Dyehouse, Automatic Boiler (Tupholme) 476
Control in the Textile Industry, The Importance of Temperature (Chase) P365
Control in the Textile Industry, Use and Application of Automatic (Ward and Cleveland) P30
Control of Variables in Raw Stock Dyeing (O'Neill) P545
Copper Compounds, Mildewproofing Khaki and other Mineral Dyed Cotton Duck with (Jarrell, Stuart and Holman) 495
CORRECTION:
Re "Physical and Chemical Textile Testing" 630
"The Measurement of the Color of Dyed Textiles" 82
Corrosion, Overdose of Moisture Causes (Schenke) 210
Cotton, Degree of Whiteness Obtainable by Bleaching: Its Relation to Varieties of (Jambuserwala) 799
Cotton Duck with Copper Compounds, Mildewproofing Khaki and other Mineral Dyed (Jarrell, Stuart and Holman) 495
Cotton Materials, Laboratory Methods for Desizing (Howell) P342
Cotton Project, Whole (Macormac) P389
Cotton Size Mixings (Mann) 177
Cotton Yarn in the Mercerization Process as a Source of Dye Affinity Variation in Mercerized Yarn, Variations in the Removal of Pectic Substances from (Edelstein) P427
Court, The Textile Chemist in (Harold) P506
Creases in Dyed Fabrics: Their Formation and Prevention (Hall) 814
Crepe Fabrics, Effect of Embossing and Boil-off on Finished (McGibbon) P335
Crepe Research, Joint Rayon P419
Crepe Research, Report of the Rayon, (See under Research) P670
Crepes, The Serviceability of Rayon (Hall) 620
Crepe Variations with Special Reference to Throwing, Some Causes of Rayon (Macia) P329
Crepe Yarns and the Effect of Alkyl Radicles on the Softening Potency of Oils, Sizing of Rayon (Mosher) P186
Crock Tests, Some Features of (Durfee) P446
Crush Resistant Finishing Treatments for Fabrics, Evaluation of (Schiefer) P667
Design, Creative Art in Textile (Jamieson and Ripley) P36
Design: Raw Stock Dyeing Machine, Industrial Plant (Thomas) P543
Desizing Cotton Materials, Laboratory Methods for (Howell) P342
Desorption of Substantive Dyestuffs (Patel) 55
Detergent, Emulsifying, Finishing and Wetting Agents (Goldthwait) P569
Drying Cylinders, Stainless Steel (Blickman) 643
Duck with Copper Compounds, Mildewproofing Khaki and other Mineral Dyed Cotton (Jarrell, Stuart and Holman) 495
Dye Affinity Variation in Mercerized Yarn, Variations in the Removal of Pectic Substances from Cotton Yarn in the Mercerization Process as a Source (Edelstein) P427
Dye Mixing, The Phenomena of (Pettinger) 3
Dyed Cotton Duck with Copper Compounds Mildewproofing Khaki and other Mineral (Jarrell, Stuart and Holman) 495
Dyed Fabrics: Their Formation and Prevention, Creases in (Hall) 814
Dyehouse, Automatic Boiler Control in the (Tupholme) 476
Dyehouses, Pipe Lines in Concrete Floors of (Hyler) 502
Dyeing Acetate Rayon Piece Goods (Hill) 711
Dyeing and Finishing Automobile Headlinings, Scouring, (Deady) 559
Dyeing and Finishing of Full Fashioned Hosiery, Developments and Problems in the (Meyers) 728
Dyeing and Finishing of Spun Rayon-Wool Mixtures (Borghetty) 726
Dyeing and Finishing Plant, The Importance of a Laboratory in a Hosiery 208
Dyeing and Finishing, Progress in Hosiery (Hardcastle and Edwards) 229
Dyeing and Finishing, Silk Hosiery (McAteer) P361
Dyeing and Weaving under the Works Progress Administration 788
Dyeing, Control of Variables in Raw Stock (O'Neill) P545
Dyeing, Early Days and Early Ways of (Fleming) 536
Dyeing, Effects of Tension in 121

Dyeing Logwood Blacks on Silk and Rayon Materials (Wilsome)..... 501
Dyeing Machine, Industrial Plant Design: Raw Stock (Thomas)....P543
Dyeing of Acetate Rayons (Bonnet) 265
Dyeing of Cellulosic Textile Fibers, A New Research Viewpoint in the (Farr) 147
Dyeing of Vat Colors by the Pigment Method, Possibility of Continuous (Deady) 691
Dyeing Plants, The Steam Accumulator in (Tupholme)..... 27
Dyeing Process, Nature of the Acid (Harris and Smith).....P413
Dyeing Properties of Mono Azo Dyes, The Influence of Position Isomerism on the Color and (Brode and Griffith)..... P90
Dyes and Finishes, New (Bradley) 645
Dyes: How They are Made (Althouse) P386
Dyes of our Ancestors, The (Cady) P539
Dyes, The Influence of Position Isomerism on the Color and Dyeing Properties of Mono Azo (Brode and Griffith) P90
Dyes, The Solubility of the Permitted Food (Evenson and Forrest).... 117
